

We need to save Wisconsin's Do Not Call List. Before Wisconsin had the do not call list, we were getting anywhere from 5-10 calls a day as late as 9:30 p.m. This was very disruptive to our lives. We need to get up very early for work, and the telephone would be ringing when we were trying to sleep. I don't believe in shutting the ringer off the phone in case there is an emergency and someone needs to get a hold of us. Please keep Wisconsin's Do Not Call List.
